Please see attached. I don't think we should be speculating on #4 (#3 on the list prior to re-numbering) see attached Word document with comments, since it is unknown what the numbers would be like without monument designation. just a thought...

  - c. Minerals - annual mineral production on site
  - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
  - e. Grazing - annual grazing on site (AUMs permitted and sold)

Commented [WS(M1)]: All Plans? Or just most recent...?

Commented [WS(M2)]: Related to the plans, I assume, which should be in our administrative record, but depending on which plans the data call are referring to, please clarify.

Commented [WS(M3)]: This should be #3

Commented [WS(M4)]: This should be #4

Commented [WS(M5)]: This question is purely speculative and I would be remiss in attempting to answer these questions.

- f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
  - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
4. Changes to boundaries - dates and changes in size
  5. Public Outreach prior to Designation - outreach activities conducted and opportunities for public comment
  6. Terms of Designation

**Commented [WS(M6)]:** This should be 5, with 6 and 7 to follow

**Commented [WS(M7)]:** Not sure what this means, necessarily, but the proclamation should answer this on its own. How we implement/translate this is found in our RMP/GMP decisions and they should speak for themselves.
